Hello everyone:

Hope you all had a great Summer.

Over the last year, we had bi-monthly phone calls to discuss issues related to Urban greening project and broad stormwater topics. Now this 3-year project is completed, we would like to schedule an one hour phone call to celebrate its success and present findings and lessons learned from this project.

If you are interested, here are a few dates for consideration:

Oct 10, 9-10am

Oct 31, 9-10am

Nov. 7, 9-10am

Please let us know if you would like to have this phone call, and if so, any of dates will work for you.

Thank you.
